

THE SPOKESWOMAN

Volume 54, Number 4
April 2018

WOMEN'S HISTORY LUNCHEON

Several of our members attended the luncheon on March 8th (Sheila Allen, Estelle, Rhonda, Nan, Juliana and Barbara Durst) and heard Martha West as guest speaker. She is a Professor of Law Emerita at UCD School of Law. She is also an AAUW member. For 25 years Marty taught about employment discrimination, labor laws and gender in law. She focused on discrimination against women faculty at research Universities as well as sexual harassment, wrongful discharge and education law.

At the luncheon she spoke about her experiences as a parent working for child care programs, paid family leave and full day kindergarten. She noted Ruth Bader Ginsberg as an important pioneer in protecting women's rights. Marty confirmed Title XI as a major piece of legislation that had world wide influence.

Baby Shower for Leslie

It was a happy "expecting" time at Leslie's baby shower on March 11. Estelle had decorated, arranged for fun games, and served good food...a success on all counts. Nan, Verena, Estelle, Ramona, Marlene, Celida, Rhonda, Gail, Leslie, and Char and Juliana enjoyed themselves amid much laughter. Leslie and Eugene received many clever and useful gifts for baby Rubin.

THE GOOD NEWS! Margo Elizabeth was born healthy and happy on March 27th . We wish the Rubin family continued joy (and some rest).
